- Greek (Native)
- English (Fluent)
- Albanian (Novice)

SUMMARY

Dedicated programmer in training. Started getting involved with programming a year ago. Currently on the second semester at Institutional of Vocational Training AKMI on programmer studies and working on creating a website as a personal project. Familiar with C, C++, C#, Java, HTML, CSS. Eager to expand my knowledge on website designing – development, game and program designing. Excited to start a new career as part of a dynamic and innovative company.

EXPERIENCE
